FOR IMMEDIATE RELEASE
4/20/2017

PMUA Celebrates Earth Month with Salvation Army-In honor of Earth Month, PMUA has permanently placed two Salvation Army clothing collection boxes at the PERC Transfer Station located at 95 Rock Avenue. Focusing on reusing materials and putting less into Plainfield's solid waste stream, our community can now use these boxes at PERC to dispose of unwanted clothing, shoes and soft goods.

The Authority places great importance on community partnerships and is glad to assist the Salvation Army by housing collection bins at PERC to increase residential donations.

We look forward to this new collaboration whereby creating an additional method to recycle unwanted items, while at the same time, providing a simple convenient disposal process to fuel more donations to the Salvation Army.
